

**ACCESS**  
Arctic Climate Change  
Economy and Society

**Project no. 265863**

**ACCESS**

**Arctic Climate Change, Economy and Society**

Instrument: Collaborative Project

Thematic Priority: Ocean.2010-1 "Quantification of climate change impacts on economic sectors in the Arctic"

**D6.13 – Annual dissemination and exploitation report and plan**

Due date of deliverable: **31/03/2014**

Actual submission date: **16/04/2014**

Start date of project: **March 1<sup>st</sup>, 2011**

Duration: **48 months**

Organisation name of lead contractor for this deliverable: **UPMC**

Project co-funded by the European Commission within the Seventh Framework Programme (2007-2013)		
Dissemination Level		
<b>PU</b>	Public	
<b>PP</b>	Restricted to other programme participants (including the Commission Services)	
<b>RE</b>	Restricted to a group specified by the consortium (including the Commission Services)	X
<b>CO</b>	Confidential, only for members of the consortium (including the Commission Services)

<b><u>Annex 2: LIST OF SCIENTIFIC (PEER REVIEWED) PUBLICATIONS.....</u></b>	<b>40</b>

## **1. INTRODUCTION**

The purpose of the document is to indicate the progress regarding the activities of all partners and sets the activities planned for the following year.

## **2. REPORT ON THE DISSEMINATION ACTIVITIES IN THE PROJECT'S 3th YEAR**

During the third year of the ACCESS project, 55 specific dissemination activities were reported by partners on the ACCESS management platform. These specific activities include:

- Phd thesis
- Lectures
- Media briefings, popular press articles
- Presentations at international conferences
- Workshops and summer schools
- Publications

The general dissemination activities concern the ACCESS website, the ACCESS newsletter edited every four months, the Policy briefs. ACCESS already established a list of interested parties split in 4 different categories (Deliverables D6.22). This list is used as a distribution list for distributing ACCESS newsletters and Policy Briefs.

The table in Annex I shows a detailed list of all dissemination activities from the beginning of the project. The table in Annex II shows all the scientific publications.

### **2.1. ACCESS WEBSITE**

The **ACCESS website** ([www.access-eu.org](http://www.access-eu.org)) is the main dissemination tools to present and circulate the information to the widest possible audience. The web site is updated regularly by the webmaster. During the 3th year, the deliverables and the publications list were published on the website.

### **2.2. NEWSLETTER**

In the third year, three electronic ACCESS newsletters (NL6, NL7 and NL8) were produced and disseminated electronically via the website and by email to the Consortium, Advisory Board and interested parties. The NL content has been adapted to a wider public. The ACCESS NL6 presented some major results obtained during the first half of the project. The ACCESS NL7 dealt with the cross sectoral activities which synthesized interactions between several ACCESS work packages and their respective “sectors”. Newsletter ACCESS NL8 reports on Oil spill and ice characteristics, ship routing

along the Northern Sea route and experiments on ship based releases with black carbon and other pollutants.

They were also submitted by UPMC to the European Commission as part of the deliverable D6.216, D6.217 and D6.218.

### ***2.3. ACCESS POLICY BRIEF***

The first **ACCESS policy brief** on Oil spill has been submitted in May 2013. It was released on the ACCESS website and sent to Stakeholders (Industrial and Academic) and Policy makers. The deliverable D6.24 reported about this policy brief. The second ACCESS policy brief deals with air pollution from ship emissions along the NSR and is currently in the finalizing state.

### ***2.4. SUMMER SCHOOL***

ACCESS organized a cross-sectoral summer school in Bremen, Germany on September 2013. The aim of the summer school was to provide the students with an opportunity to learn about the different aspects of Arctic climate change, changes in the environment, the economic sectors of shipping, tourism, fisheries, oil and gas exploitation as well as governance. This activity was the main topic of the deliverable D6.251.

### ***2.5. ACTIVITIES WITH STAKEHOLDERS***

Several Important meetings were dedicated to stakeholder's consultations.

The Arctic Monitoring Assessment Program working group (AMAP) of the Arctic Council organized a first workshop (Adaptation Actions for a Changing Arctic AACA) in Tromso, Norway early on December 2013. AMAP is one working group of the Arctic Council and AACA is the new program promoted by AMAP. In the context of this new program a stakeholder consultation was organized in 2013. Following an initiative taken by the EEAS office in Brussels, ACCESS attended the AMAP/AACA workshop in Tromso

On January 22, 2014, ACCESS in cooperation with ISAC (International Study for Arctic Change) organized a workshop for **Responding to Change** activities in the Arctic stressing attention on stakeholders involvement. The workshop was based on several presentations from 8 major Arctic program leaders and was organized as a side event of the 2014 Arctic Frontiers Conference in Tromso, Norway.

The ACCESS workshop 'Arctic Ocean and coastal communities: Changes, challenges and livelihoods' was organized by the Arctic Centre, University of Lapland (Anna Stammler-Gossmann) in Rovaniemi on February 19-21. Representatives from NGOs, professional associations and enterprises together with the researchers' community shared their experiences about the changes going on in the Arctic

coastal communities that depend on the fishery and sea food production. The important role of stakeholders for the project research, as it was highlighted during the workshop, is related first of all to their expertise and knowledge about ongoing changes in the Barents region.

A workshop on “Safe Ship Operations in the Arctic Ocean” was co-organized by ACCESS and the Arctic Options project coordinated by Paul Berkman and took place at IMO Headquarters in London on 28 February 2014. The objective of this international, interdisciplinary and inclusive workshop was to facilitate information exchange among diverse experts and to consider issues and strategies for ensuring safe ship operations in the Arctic Ocean, taking into account IMO's ongoing work on the mandatory Polar Code, which is anticipated for completion in 2014.

The deliverables D7.11 and D7.12 report on Stakeholders workshop.

## **2.6. NETWORKING ACTIVITIES**

In addition to the stakeholder related activities, which also resulted in networking with other institutions (see 2.5) networking has been an important part involving ACCESSpartners participation and the project management board in different workshops and conferences. In many occasions presentations on the status of ACCESS were given and interaction with other project was planned (Ocean of Tomorrow, Blue Growth). This included the Arctic Frontiers 2014 conference 'Humans in the Arctic' in Tromso, where contact with the Norwegian Fram center flagship program 'Polar Oceans' and the EU FP7 project ArcRisk has been established during a workshop co-organized by ACCESS and ISAC (IASC). Also the cooperation with the US SEARCH and the Canadian ArcticNet programs was fostered and resulted in plans for a joint stakeholder activity in 2014/15. ACCESS is also partnering with the EU Arctic Information Assessment and with the ARCSees Arctic Options project funded by NSF (USA and CNRS (France). Together with ARCSees Arctic Options, ACCESS co-organized a workshop at the IMO headquarters in London on February 28, 2014 dedicated to the future Polar Code.

## **3. PLAN ON DISSEMINATION AND EXPLOITATION FOR THE 4th YEAR**

1. Keeping the website up-to-date and create a section dedicated to stakeholders, a section related to indigenous with photos and videos and a photo gallery.
2. Production of 3 dedicated policy brief on Air pollution from ship emissions along the NSR Polar code and Food production (marine living resources)
3. Release of 3 newsletters (NL9 in July 2014, NL10 in October 2014 and NL11 in January 2015).
4. Organization of a cross-sectoral ACCESS summerschool in Stockholm in Sweden in September 2014

5. Organization of lunch debate at the European Parliament and meetings with EU commission DGs representatives in Brussels
6. Provide factsheets targeting policy maker and researchers Presentation of ACCESS at International Conferences and meetings
7. Organization (end of May 2014) of a workshop in Villefranche sur Mer (France) dedicated to climate changes for end users applications in fisheries, marine transportation and oil and gas extraction
8. Organization of a workshop (end of June 2014) in Paris (France) dedicated to indigenous populations impacted by Arctic climate changes.

## **Annex 1: LIST OF DISSEMINATION ACTIVITIES**

<b>NO</b>	<b>Type of activities</b>	<b>Main leader</b>	<b>Title</b>	<b>Date</b>	<b>Place</b>	<b>Type of audience</b>	<b>Size of audience</b>	<b>Countries addressed</b>

**Annex 2: LIST OF SCIENTIFIC (PEER REVIEWED) PUBLICATIONS**

NO	D.O.I.	Title	Author(s)	Title of the periodical or the series	Number, date or frequency	Publisher	Place of publication	Date of publication	Relevant pages	Open access is/will be provided to this publication ?
1		A Workshop Summary for Policy Makers, Developing Approaches for an Inclusive Research Agenda for Action (pp)	ACCESS, ISAC, IARC, IASC, NSF, Queens university, SEARCH, US Artic Research Commission, Vetenskapsrad et	Responding to artic Environmental Change	-	-	-		-	No
2	10.1115/OMAE2012-83841	The Mooring Bay concept for LNG loading in harsh and ice conditions (pp)	Sven Hoog, Joachim Berger, Johannes Myland, Günther F. Clauss, Daniel Testa and Florian Sprenger	ASME 2012 - 31st International Conference on Ocean, Offshore and Arctic Engineering (OMAE), SYMP 7 Polar	Volume 6; from 01/07/2012 to 06/07/2012 ; Every Year	OMAE Conference - Rio De Janeiro	Web		pp. 537-544	Yes

3		On the limits of improved fish finding capacity and its contribution to resource conservation (pp)	A. Eide	and Arctic Sciences and Technology, Session 7-4 Operations in Ice MODSIM2011 - 19th International Congress on Modelling and Simulation	from 12/12/2011 to 16/12/2011	Modelling and Simulation Society of Australia and New Zealand	Web		pp.2493-2499	Yes
4	10.5194/acp-13-3825-2013	Pollution and transport towards Greenland during summer 2008 (pp)	Thomas, J.L., J.-C. Raut, K. S. Law, L. Marelle, G. Ancellet, F. Ravetta, J. D. Fast, G. Pfister, L. K. Emmons, G. S. Diskin, A. Weinheimer, A. Roiger and H. Schlager	Atmospheric Chemistry and Physics	Volume 13, n°7	Copernicus Publications	Germany		pp. 3825-3848	Yes
5	10.1080/13657305.2012.704617	Norwegian salmonid farming and global	Ø Hermansen & K Heen	Aquaculture Economics & Management	Vol.16, n°3	Taylor & Frances Online	Web		pp. 202-221	Yes

		warming: Socio- economic impact (pp)								
6	10.1016/j.fishres.2011.10.004	A bioeconomic MPA study based on cellular automata population growth and distribution (pp)	A. Eide	Fisheries Research	Vol.113, n°1	Elsevier	Web		pp. 118-132	No
7	10.1080/08003831.2012.678723	Challenges and Successes in the Management of a Shared Fish Stock – The Case of the Russian–Norwegian Barents Sea Cod Fishery (pp)	A. Eide, K. Heen, C. Armstrong, O. Flaaten and A. Vasiliev	Acta Borealia	Volume 30; Issue 1	Taylor & Frances Online	Web		pp. 1-20	Yes
8		„Indigene Völker“: Wurzeln der russländische	Anna Stammler-Gossmann	Osteuropa. (Edited volume). Sapper, M,	2-3, 2011	Berliner Wissenschaftsverlag	Berlin, Germany		pp. 417-427	No

		n Minderheitenp olitik (pp)		Weichsel, V., Humrich, Ch. (Eds.) The Arctic Logbook. Environment, Economics, Politics)						
9	10.5194/acp-13-1941- 2013	Environmental impacts of shipping in 2030 with a particular focus on the Arctic region (pp)	S.B.Dalsøren, B. H. Samset, G. Myhre, J. J. Corbett, R. Minjares, D. Lack, and J. S. Fuglested	Atmos. Chem. Phys. Discuss.	Volume 13, n°4	Copernicus Publications	Germany		pp.1941- 1955	Yes
10	10.1080/00358533.201 2.661527	Our Common future in the Arctic Ocean (pp)	Berkman, Paul Arthur	The Round Table - The Commonwealt h Journal of International Affairs - Special Issue: Environmental Governance: Securing Our Common Wealth	Volume 101, Issue 2; 2012; 6 issues per year	Routledge	London		pp. 123- 135	Yes
11	10.1007/978-3-642-	From DAMOCLES	Jean-Claude	Arctic Science,	-	Springer	Heidelberg		pp.261-	Yes

	24203-8_1	to ACCESS Projects. An Advanced Arctic Ocean Observing System (pp)	GASCARD	International Law and Climate Change. Legal Aspects of Marine Science in the Arctic Ocean		Berlin			283	
12	10.1007/978-94-007-4713-5	Environmental security in the Arctic Ocean (pp)	Berkman, Paul Arthur; Vylegzhanin, Alexander N. (Eds.)	NATO Science for Peace and Security Series C: Environmental Security	-	Springer Netherlands	Dordrecht		pp. 1-459	Yes
13		Tundra, reindeer herders and climate	Anna Stammler-Gossmann	-	-	ALCORDE	Essen (Germany)		-	No
14	10.1007/978-94-007-4713-5	Preface: International, Interdisciplinary and Inclusive Perspectives (pp)	Berkman, Paul Arthur; Vylegzhanin, Alexander N. (Eds.)	NATO Science for Peace and Security Series C: Environmental Security	-	Springer Netherlands	Dordrecht		xix-xxvii	Yes
15		Re-bordering of the Russian	Anna Stammler-	Arctic & Antarctic International	Issues 5, 2011	Foundation for High Studies on	Buenos Aires,		pp. 97-114	No

		North.	Gossmann	Journal of Circumpolar Sociocultural		Antarctica and Extreme Environments, FAE	Argentina			
16	10.1007/978-94-007-4713-5	Chapter 32: Conclusions: Building Common Interests in the Artic Ocean (pp)	Berkman, Paul Arthur; Vylegzhanin, Alexander N. (Eds.)	NATO Science for Peace and Security Series C: Environmental Security	-	Springer Netherlands	Dordrecht		pp. 371-404	Yes
17	10.1007/978-3-642-24203-8_17	'Common interests' as an Evolving Body of International law: Applications for Artic Ocean Stewardship (pp)	Berkman, Paul Arthur	Artic Marine Science, international Law and Climate protection. legal Aspects of Future Marine science in the Artic Ocean	-	Springer Berlin	Heidelberg		pp. 155-174	Yes
18	10.1002/grl.50517	Energy budget of first-year Arctic sea ice in advanced stages of melt (pp)	Stephen R. Hudson,1 Mats A. Granskog,1 Arild Sundfjord,1 Achim Randelhoff,1 Angelika H. H.	GEOPHYSICAL RESEARCH LETTERS	VOL. 40, 1-5,	-	-		1-5	Yes

19	10.2777/22249	The Ocean Of Tomorrow Projects (2010-2012)	Renner,1 and Dmitry V. Divine Directorate-General for Research and Innovation	The Ocean Of Tomorrow Projects (2010-2012) - Joining Research Forces to Meet Challenges in Ocean Management	-	Publications Office of the European Union	Luxembourg		p8-9	Yes
20	10.2777/34369	The Ocean Of Tomorrow Projects (2010-2013)	EU - Directorate-General for Research and Innovation	The Ocean of Tomorrow Projects (2010-2013) — Joint Research Forces to Meet Challenges in Ocean Management	-	Publications Office of the European Union	Luxembourg		p8-9	Yes
21		Geopolitics of Artic Sea-Ice Minima	Berkman, Paul Arthur	The Brown Journal of World Affairs	19(1)	Brown University	Providence		1-9	Yes
22		Translating our growing	Murray, M et al	Responding to artic	-	ISAC	-		-	No

		understanding into agenda for action (pp)		Environmental Change
